Sir:

LETTER

Attached hereto is a copy of the "Notice of Recordation of Assignment Document" recently received from the U.S. Patent and Trademark Office in the above-referenced application. Previously, a Revocation and Power of Attorney was filed in connection with this application. This Revocation and Power of Attorney, executed by Jean Castex, le Directeur Administratif et Financier de l'Institut Pasteur, was filed on June 25, 1986. On May 23, 1986, the undersigned was informed that the communication regarding the Power of

Attorney had not been entered because the title in the application appeared to be vested in another. Please note that the attached Recordation Document indicates that each of the inventors has assigned their interest to Institut Pasteur. Thus, it is respectfully requested that the Revocation and Power of Attorney previously submitted now be entered.

If there are any questions regarding this paper, the United States Patent and Trademark Office is requested to contact the undersigned at their earliest convenience. It is not believed that a fee is due in connection with this paper. However, if such a fee is due, including a fee for an extension of time, such an extension is hereby requested and the Commissioner is authorized to charge any such fees to Deposit Account No. 06-916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER
